The Flipped Classroom Methodology

With less than seven weeks before test day, standard general English classes cannot move the needle fast enough. This course applies the **Flipped Mastery Model**: zero live minutes are wasted on passive reading or listening exercises.

🎙️

Dedicated entirely to **high-stakes active output** and real-time correction:

- **Writing Task 2:** Deconstructing essay questions, bulletproof paragraph architecture, and live line-by-line editing on shared docs.
- **Speaking Part 3:** Moving from personal narrative to abstract societal discourse, eliminating fluency stalls, and drilling C1 lexical collocations.
- **Examiner Psychology:** Applying the exact Band 7 public descriptor benchmarks to your personal speech and writing.

📚 Rigorous Self-Study Protocol

Completed strictly at home under exam timer conditions:

- **Reading & Listening:** 1 full official Cambridge IELTS test every 3 days (Books 16–19). You score, analyse mistakes, and bring only unsolved queries to class.
- **Writing Task 1:** 1 complete academic report or general letter per week, reviewed asynchronously with detailed teacher markup.
- **Vocabulary Log:** Weekly consolidation of idiomatic collocations and topic-specific vocabulary banks.

Band 7.0 Benchmark Thresholds

IELTS Paper	Band 6.0 Profile (Typical Plateau)	Band 7.0 Requirement (Your Goal)
Writing Task 2	Addresses prompt partially; main ideas present but lack clear development; repetitive cohesive devices; mixed errors.	**Addresses all parts of prompt** with a sustained clear position. Well-developed ideas with relevant examples. **Flexible paragraphing & cohesive devices**. Frequent error-free complex sentences.
Speaking Part 3	Communicates clearly but repeats words, hesitates to search for grammar, and stays in concrete/personal examples.	**Speaks at length effortlessly**; uses discourse markers naturally. Displays **less common idiomatic collocations** and sustains abstract reasoning without grammatical collapse.
Reading	23–26 / 40 raw score (Academic)	**30–32 / 40 raw score** (Requires high scanning speed & mastery of True/False/Not Given)
Listening	23–25 / 40 raw score	**30–31 / 40 raw score** (Requires stamina through Section 3 & 4 lectures)

Course Schedule · Part 1 (Weeks 1 to 3)

WEEK 1 · Foundations for a 7.0: Deconstructing the Rubric

Focus: Task Response (TR) & Abstract Spoken Delivery

Lesson 1: WT2 Core Structure & The Band 7 Rubric

WRITING TASK 2

OBJECTIVES & THEORY

Deconstruct the 4 examiner criteria (TR, CC, LR, GRA). Compare a real Band 6.0 essay against a Band 7.0 essay to identify the exact tipping points.

Learn the foolproof 4-paragraph essay layout (Introduction, Body 1, Body 2, Conclusion).

PRACTICAL DRILL & OUTPUT

Formula for a 4-minute Band 7 Introduction: Hook + Academic Paraphrase + Clear Thesis Statement with Outline.

> 🎯 **Output: Student produces 3 distinct high-scoring introductions live in < 5 minutes each.**

Lesson 2: Speaking Part 3 Mechanics & Abstract Fluency

SPEAKING PART 3

OBJECTIVES & THEORY

Bridging from Part 2 personal narratives to Part 3 analytical thinking. Overcoming the "silent pause" when asked broad social questions.

Mastering the **A.R.E.A. Framework** (Answer directly → Reason → Example → Alternative/Condition).

PRACTICAL DRILL & OUTPUT

Live drill across topics: *Modern Society, Education Systems, and Cultural Preservation.* Forcing structured 4-sentence spoken responses.

> 🎯 **Output: 6 fluent, structured responses without trailing off or falling back on personal stories.**

WEEK 2 · Argumentation, Extension & Comparative Analysis

Focus: Idea Development & Grammatical Range (GRA)

Lesson 3: WT2 Opinion Essays (Agree / Disagree)

WRITING TASK 2

OBJECTIVES & THEORY

Task Response mastery: building deep, single-thread arguments rather than superficial shopping lists of ideas.

Constructing bulletproof body paragraphs using the *I-E-E-R* flow: Idea (Topic Sentence) → Explanation → Concrete Example → Result.

PRACTICAL DRILL & OUTPUT

Live co-writing and solo drafting of an entire body paragraph. Eliminating vague evidence like "scientists proved this recently".

> 🎯 **Output: Complete, fully elaborated body paragraph meeting Band 7 cohesion standards.**

Lesson 4: Speaking Part 3 · Comparing, Contrasting & Temporal Shifts

SPEAKING PART 3

OBJECTIVES & THEORY

Grammatical Range upgrade: using advanced structures to contrast past generations with contemporary society and future projections.

Target grammar: *"Whereas in previous decades...", "By contrast...", "A substantially higher proportion of..."*

PRACTICAL DRILL & OUTPUT

Live rapid-fire drills on *Technology in the Workplace* and *Urban vs Rural Life*, requiring spontaneous comparative grammar.

> 🎯 **Output: Fluency in contrasting multiple demographics and eras without grammatical hesitation.**

WEEK 3 · Nuance, Balancing Perspectives & The Unknown

Focus: Coherence & Cohesion (CC) & Speculative Language

Lesson 5: WT2 "Discuss Both Views and Give Your Opinion"

WRITING TASK 2

OBJECTIVES & THEORY

PRACTICAL DRILL & OUTPUT

Course Schedule · Part 2 (Weeks 4 to 6)

WEEK 4 · Complexity, Grammar Range & Lexical Precision

Focus: Less Common Lexis & Error-Free Complex Sentences

Lesson 7: WT2 Problem / Solution & Causes / Effects

WRITING TASK 2

OBJECTIVES & THEORY

Mastering cause-and-effect essays while infusing Band 7 grammar: third conditionals, cleft sentences, passive voice, and reduced relative clauses.

Avoiding colloquialisms and informal formulations that drag GRA below 7.0.

PRACTICAL DRILL & OUTPUT

Paragraph overhaul workshop: taking basic Band 6.0 draft sentences and transforming them into cohesive C1-level complex structures.

> 🎯 **Output: 1 polished Problem-Solution body paragraph demonstrating 4 advanced grammar patterns.**

Lesson 8: Speaking Part 3 · Upgrading Lexical Resource

SPEAKING PART 3

OBJECTIVES & THEORY

Rooting out "crutch" words (e.g. *good, bad, a lot, very, important*) and replacing them with topic-specific collocations and precise adjectives.

Paraphrasing examiner prompts seamlessly instead of repeating their vocabulary verbatim.

PRACTICAL DRILL & OUTPUT

High-intensity rapid exchange drilling: paraphrasing complex prompts under time pressure with instant feedback on word choice.

> 🎯 **Output: Personal bank of 25 high-yield C1 collocations deployed accurately across 4 topics.**

WEEK 5 · The Two-Part Challenge & Stamina Pressure Testing

Focus: Multi-Part Prompts & Continuous Fluency

Lesson 9: WT2 Two-Part & Direct Question Prompts

WRITING TASK 2

OBJECTIVES & THEORY

Handling compound prompts (e.g. *"Why is this occurring, and is it a positive or negative development?"*) where students routinely omit half the question.

Rapid 3-minute planning protocol ensuring equal balance and complete Task Response.

PRACTICAL DRILL & OUTPUT

Timed prompt dissection sprint: planning 4 tricky real exam questions in 12 minutes total with zero ambiguities.

> 🎯 **Output: Bulletproof outlining technique for two-part prompts with guaranteed complete coverage.**

Lesson 10: Speaking Part 3 · 15-Minute Continuous Stamina Simulation

SPEAKING PART 3

OBJECTIVES & THEORY

Building cognitive stamina: examiners test whether your grammar and fluency disintegrate under prolonged pressure.

Zero interruptions during the 15-minute mock simulation to replicate genuine test environment.

PRACTICAL DRILL & OUTPUT

Deep-dive post-mock analysis: diagnosing the exact minute where linguistic fatigue set in and providing repair strategies.

> 🎯 **Output: Sustained Band 7 performance across 15 continuous minutes of abstract questioning.**

WEEK 6 · Exam Readiness, Full Simulations & Final Polish

Exam Day: Saturday 28 November 2026

Lesson 11: WT2 40-Minute Timed Simulation & Live Edit

EXAM SIMULATION

OBJECTIVES & EXECUTION

Live timed writing simulation: writing a full unseen Task 2 essay in exactly 40 minutes on a shared Google Doc while

IMMEDIATE LIVE MARKUP

Final 20 minutes spent in ruthless, line-by-line editorial surgery: deleting filler words, fixing residual grammar
